Dear Mr. President!

Regret very much that I was unable to get in communication with you before my rather sudden departure on Sunday night.

I left Dr. Schmeltz in charge of the Enel. Residence. I trust he will be satisfactory. I asked him to go and see you and report what I had done. He has been with me for one year and I have found him to be a very honest capable man and one that should make an admirable head for the residence. He has been given a research fellowship in medicine

for the coming year. The work will be carried out in the Department of Bacteriology, one in the Department of Medicine.

With reference to the University Settlement I would suggest the appointment of Dr Gordon Bates in charge of the clinic.

I have been ordered to rest at Clieveden the Canadian Hospital in England. Our pathologist called the University General Hospital also in England.

I will write you when we get finally settled.

With my best wishes and many thanks for your kindness to me in the past year.

Yours sincerely
Gordon Graham.
